Letter of Introduction

To Whom It May Concern,

Hello, My name is Les Logan Story, and I am currently a 12th grade senior at Coalinga High School with a GPA of 3.65. I am writing to introduce myself and share my interests, experiences, and goals as I prepare to take the next steps toward my future in college and a career in business.

Throughout high school, I have worked hard to stay focused on my academics, earning multiple Principal's Honor Roll recognitions. I take pride in being a determined and self-motivated student who consistently strives to complete work on time and to the best of my ability. My coursework in web design and economics has helped me build both technical and analytical skills. I have gained experience with HTML, CSS, GitHub, Netlify, and basic Adobe Photoshop, while also developing a strong understanding of how economic systems function.

In addition to academics, I value contributing to my community. I have completed over 61 hours of volunteer service at the Coalinga Local Library, where I assisted with organizing materials and maintaining a clean environment. This experience strengthened my sense of responsibility and teamwork. I also gained work experience as a cashier during a summer job, where I developed customer service skills and learned how to work efficiently in a fast-paced setting.

One of my strongest personal qualities is my determination. I am always willing to learn new things, improve myself, and take on challenges. I also value building positive relationships with others and continue to grow socially as I prepare for college life.

After graduating high school, I plan to attend college and major in business, with the long-term goal of earning a bachelor's degree and building a successful career. I am particularly interested in schools such as West Hills College Coalinga, Fresno State University, and California State University, Monterey Bay.

Thank you for taking the time to learn more about me. I am excited about the opportunities ahead and look forward to continuing my growth both academically and personally. If you need to contact me (559)-790-5702 or email me at storyles7@gmail.com

Respectfully, **Les Story**
